

Parousia Baptist Ministries

Website Administration Guide

Prepared for: Pastor and Church Leadership

Prepared by: Straight Line Projects

Date: July 29, 2026

Version: 1.0

1. Introduction

Welcome to the **Parousia Baptist Ministries** website administration guide. This document explains how to manage and update your church website without technical knowledge.

The website is designed to be used primarily in **Kreyòl (Haitian Creole)**, with a one-click switch to **English** for visitors and administrators.

Your live website:

<https://ParousiaBaptistChurch.org>

Admin login page:

<https://ParousiaBaptistChurch.org/admin>

2. Accessing the Admin Portal

There are two ways to reach the admin area:

Option A — Direct URL

Type the admin URL above into your browser.

Option B — From the public website

After you log in as an administrator, a **gear (⚙️) settings icon** appears in the website navigation bar. This icon is **only visible to logged-in administrators** and is not shown to regular visitors.

SCREENSHOT 1 — Recommended

Capture the top navigation bar of the public website while logged in as admin, showing the gear icon on the right side of the menu.

3. Logging In (Secure Two-Step Verification)

Your admin portal uses secure login with email verification. This protects the church website from unauthorized changes.

Step 1 — Enter Email and Password

1. Go to /admin
2. Enter your **authorized email address**
3. Enter your **personal access code (password)**
4. Click **Next / Kontinye**

SCREENSHOT 2 — Recommended

The admin login screen (Step 1) showing the email and password fields.

Step 2 — Verify with Email Code (OTP)

On your **first login** or when signing in from a **new device**, the system sends a **6-digit verification code** to your email.

1. Check your inbox (and spam folder if needed)
2. Enter the 6-digit code within **10 minutes**
3. Click **Verify**

SCREENSHOT 3 — Recommended

Step 3 — Create or Reset Password (First-Time Users)

If this is your first login, you will be asked to **create a personal password**. Choose something secure and memorable. You will use this password on future logins (along with the email code when on a new device).

Forgot password?

Click **Forgot Password** on the login screen, enter your email, verify with the code sent to your inbox, then set a new password.

4. Admin Dashboard Overview

After logging in, you arrive at the **Admin Command Center**. The left sidebar lists all management sections:

Section	Purpose
Global Settings	Church info, logo, colors, hero image, contact details
Configure Home Tabs	About Us, Our Beliefs, Our Team, What to Expect
Service Schedules	Worship times and service descriptions
Haiti Missions	Haiti mission content
Local Outreach	Community outreach projects
Ministries	Women, Men, Children, and Missions ministry pages
Events & Signups	Church events and registration management
Registrations	View who signed up for events
Sermons	Manage sermon videos (YouTube sync)
E-Book Subscribers	Spiritual gift download signups
Daily Devotional	Daily verses, themes, and auto-publish
Security & Admins	Add/remove admin users (<i>Super Admin only</i>)
Contact Submissions	Messages from the Contact Us form
Prayer Moderation	Review and manage prayer requests
Pastor's Blog	Weekly pastor's point of view articles

SCREENSHOT 4 — Recommended

Language toggle:

Use the **globe icon** in the top-right corner to switch the admin interface between Kreyòl and English at any time.

5. Global Settings

Menu: Global Settings / *Anviwònman Global*

This is the most important section for overall site appearance and church information.

Church Information

- **Pastor's Name** — displayed on the website
- **Pastor Message** — welcome message in both Kreyòl and English
- **Church Phone, Email, and Address** — shown in the footer and contact areas

Church Logo

- Click, drag-and-drop, or paste (Ctrl+V / Cmd+V) a new logo image
- Accepted formats: **PNG or JPG**
- After uploading, the system **automatically detects colors** from your logo and suggests a matching color palette

SCREENSHOT 5 — Recommended

The logo upload area showing the current logo preview.

Color Adjuster

- **Primary** — main button and accent color (light pastel blue is the current theme)
- **Hover** — color when users hover over buttons
- **Accent** — secondary highlight color
- **Background Theme** — switch between Light Mode and Dark Mode
- **Hero Background Opacity** — control how visible the background image is behind the hero section
- **Soften Text Backdrop** — adds a readable blur layer behind hero text

SCREENSHOT 6 — Recommended

The Color Adjuster panel with the three color pickers and live preview.

Hero Background Image

- Upload a custom background image for the home page hero section
- The floral artwork at the bottom of the hero is displayed from this image
- Adjust opacity using the slider above

Devotional Theme (also in Daily Devotional tab)

- Enable **Use Theme** checkbox
- Enter a spiritual theme (e.g., *Faith, Hope, Forgiveness, Easter*)
- Leave theme disabled or blank for **random** daily verse selection

Saving Changes

Always scroll to the bottom and click **Save Changes** / **Sove Chanjman yo** when finished. A success message will confirm your changes are live.

6. Configure Home Page Tabs

Menu: Configure Home Tabs / *Konfigire Paj Akèy*

This section controls the four sub-tabs under **Home** on the public website:

Sub-Tab	Content
About Us	Church history and mission (Kreyòl + English)
Our Beliefs	Statement of faith
Our Team	Pastor and Assistant Pastor profiles with photo, bio, and email
What to Expect	First-time visitor information

For each sub-tab:

1. Click the sub-tab pill at the top (About Us, Beliefs, Team, Expect)
2. Fill in titles and body text in **both Kreyòl and English**
3. Upload images by clicking, dragging, or pasting into the image zone
4. Click **Save**

SCREENSHOT 7 — Recommended

The Home Tabs configuration screen with the four sub-tab pills and About Us content fields.

Our Team tip: Add a photo, name, role, short biography, and email for the Pastor and Assistant Pastor. These appear on the public “Our Team” page.

7. Service Schedules

Menu: Service Schedules / *Lè Sèvis yo*

Manage your weekly worship and service times.

- Click + **Add** to create a new service entry
- Enter the day, time, service name, and description (Kreyòl + English)
- Mark a service as **Live Stream** if it should appear in the live stream section
- Click the **pencil icon** to edit or the **trash icon** to delete

8. Haiti Missions & Local Outreach

Haiti Missions — Manage mission trip information, photos, and descriptions for your Haiti outreach work.

Local Outreach — Manage community outreach project listings (title, description, image, date).

Both sections follow the same pattern: add, edit, or delete entries, then save.

9. Ministries (Women, Men, Children, Missions)

Menu: Ministries

Configure the four ministry pages accessible from the **Ministries** tab on the public menu:

- **Women's Ministry**
- **Men's Ministry**
- **Children & Youth**
- **Missions**

For each ministry:

1. Select the ministry tab at the top
2. Enter title and description in Kreyòl and English
3. Upload a ministry image
4. Add bullet points (one per line) in both languages
5. Set **committee contact** name, email, and phone
6. Add **notification emails** (comma-separated) to receive signup alerts
7. Click **Save Ministry**

Viewing signups:

Below the form, a table shows individuals who signed up for that ministry. You can export signups to a spreadsheet using the export button.

10. Events & Registrations

Events & Signups — Create church events (title, date, description, image). Visitors can register directly on the website.

Registrations — View all event signups. The badge number on the menu shows how many registrations are pending review.

To add an event:

1. Click + **Add Event**
 2. Fill in details in both languages
 3. Save
-

11. Sermons & YouTube Sync

Menu: Sermons

- View all synced sermon videos from your YouTube channel

- Click **Sync from YouTube** to pull the latest videos automatically
- Edit sermon titles or delete entries as needed

12. Daily Devotional & Theme Settings

Menu: Daily Devotional / *Devosyonèl Chak Jou*

This section manages the daily Bible verse shown on the website.

Theme Configuration

Setting	Effect
Use Theme — ON + theme entered (e.g., Daily verse is selected around that spiritual “Hope”)	theme
Use Theme — OFF or theme left blank	Daily verse is chosen at random

Suggested themes: Forgiveness, Easter, Christmas, Miracles, Compassion, Faith, Love, Hope, Peace, Grace, Strength, Thanksgiving.

Other Devotional Controls

- **Auto-Publish** — automatically publish approved devotionals each day
- **Generate** — use AI to create a new devotional draft (review before publishing)
- **Edit / Approve / Delete** — manage individual devotional entries in the list below

SCREENSHOT 9 — Recommended

13. Pastor’s Blog

Menu: Pastor’s Blog / *Piblikasyon Blòg*

Publish your weekly point of view articles (replaces the old “Community Outreach” public tab).

To create a new blog post:

1. Click **Create New Article**
2. Enter the title in English and Kreyòl
3. Write the article content in both languages (Markdown formatting supported)
4. Set the publication date
5. Click **Save Article**

Use the **Translate** button to auto-translate content between languages (review before publishing).

SCREENSHOT 10 — Recommended

14. Contact Form Submissions

Menu: Contact Submissions / *Mesaj Kontakte*

When visitors submit the **Contact Us** form on the public website, their messages appear here.

Each entry shows:

- Name
- Email
- Phone
- Message
- Date submitted

Review messages regularly and delete entries once handled.

15. Prayer Wall Moderation

Menu: Prayer Moderation / *Moderasyon Miray Lapriyè*

Visitors can submit prayer requests on the public Prayer Wall. Some may choose to remain **anonymous**.

Column	Description
Requester	Name (hidden from public if anonymous)
Request Text	The prayer request
Anonymous?	Yes/No — if Yes, name is not shown publicly
Date	When submitted

Review new requests and delete spam or resolved entries. Approved requests appear on the public Prayer Wall with date, request text, and requester name (unless anonymous).

16. Managing Additional Administrators

Menu: Security & Admins / *Sekirite & Admins*

Access: Super Admin only

To add a new administrator:

1. Enter their **email address** in the field

2. Click **Authorize Admin**
3. They will receive login instructions on first sign-in
4. On first login or from a new device, they must verify via **email code**

To remove an administrator, click the **trash icon** next to their email.

Super Admin checkbox grants full access including the ability to manage other admins.

SCREENSHOT 11 — Recommended

17. Language Toggle (Kreyòl / English)

Both the **public website** and the **admin dashboard** support bilingual display:

- Click the **globe icon** (🌐) in the top-right corner
- Toggle between **Kreyòl** and **English**
- All content you enter in admin should be filled in **both languages** so visitors see the correct text regardless of their language choice

18. Creating a Site Backup

In **Global Settings**, scroll to the **Backup** section and click **Create Site Backup**.

This saves a snapshot of your website data. Backups are stored securely on the server. Run a backup before making major changes.

19. Signing Out

Click **Sign Out** / *Dekonekte* in the top-right corner of the admin dashboard when you are finished. Always sign out on shared or public computers.
